10 DEVICES

Norton™ 360 Premium

More Features

Password Manager[1]
Tools to easily generate, store, and manage your passwords, credit card information and other credentials online – more securely.

SafeCam for PC[2]
Alerts you to attempts to access your webcam and helps you block unauthorized access to it.

75 GB PC Cloud Backup[2,3]
Store important files and documents as a preventive measure against data loss due to hard drive failures, stolen devices and even ransomware.

Parental Control[‡]
Manage your children's activities online. Help them explore, learn, and enjoy their connected world more safely on their PCs or smartphones.

Smart Firewall for PC or Firewall for Mac
Monitors communications between your computer and other computers and helps block unauthorized traffic.

How To Install

1. Visit https://www.norton.com/setup on a web browser.

2. Create an account, and if you don't have one it's easy, just use your email address.

3. Enter the 25-digit product key.

4. Click Next and follow the on-screen instructions.
